Experience

Content Designer

Lexir (Freelance Contract)

Jul. 2020 – Present

Paris (Remote)

- Working with a European alcohol distributor planning to launch their e-commerce platform in Fall 2020
- Writing copy for client brand and product pages along with Lexir's website and promotional materials
- Collaborating with the design and digital marketing team to develop a strong brand strategy

Product Manager

Pedal Patrol

Sept. 2018 – Apr. 2019

Kingston, ON

- Led a cross-functional team, designing and developing a mobile app that reunites cyclists with their stolen bikes
- Managed the team through the full product lifecycle from ideation to delivery
- Worked actively with the client, Frontenac Cycle, through the process to align the product with their vision
- Pedal Patrol is now in the process of being acquired by a Vancouver based organization

Content Strategist

QHacks 2019 (Hackathon at Queen's University)

Apr. 2018 – Mar. 2019

Kingston, ON

- Developed and implemented marketing strategies for the largest event on campus after orientation week
- Led the voice and tone of the brand, writing content for our website, dashboard, handbooks and ads
- Wrote feature articles and created a podcast profiling Queen's graduates in the tech industry
- Helped attract over 500 participants and major sponsors including Snapchat, Deloitte, and Y-Combinator

Developer & Computer Science Research Associate

Orange Gate Consulting

May 2018 – Dec. 2018

Toronto, ON

- Researched and developed applications for consumer robots with a focus on voice-interaction
- Created and demonstrated prototypes at local events and to C-suite client executives in financial services and the auto industry
- Designed wireframes, user flows, and scripts based on leading practices in visual and conversational UX
- Wrote documentation for user manuals, research presentations, and technical step-by-step guides

Product Ambassador, Growth

Grabb Mobile (Acquired by Foodora)

Sept. 2016 – Apr. 2017

Kingston, ON

- Promoted a food-ordering application expanding into Kingston, Ontario
- Increased adoption and customer engagement through campus events, student groups, and social media
- Met with restaurant owners to discuss online ordering solutions for their locations

Recent Projects

Brand Consulting

Jun. 2020 – Jul. 2020

- Hired by a local blog to create a new logo and help them update their web design and copy
- Helped doubled their weekly newsletter signup rate

Song Analysis

Oct. 2019 – May 2020

- A web app that integrates with Spotify to display additional info about the song you're currently playing
- Tools: React, Spotify API, SCSS

Expense Tracker

Oct. 2019 – Jan. 2020

- A web app that allows users to add, update, and visualize their expenses
- Tools: React, Redux, Firebase

Education

Bachelor of Computing, Honours, Software Design

Queen's University, School of Computing

2019

TA, Artificial Intelligence (CISC 325), Winter 2019

Certificate in Business

Queen's University, Smith School of Business
